EXPO

1

Syngenta Flowers

Petunia Itsy™ Pink

- Third color in the popular Itsy™ series
- Consider using as a calibrachoa replacement for season-long flowering
- Perfectly round habit, abundant flowers
- Weather tolerant

MAST YOUNG PLANTS

2

Collection

Petchoa Caliburst™ Yellow

- Slightly smaller than Bee's Knees but darker margins
- First petchoa from seed
- Strong rain tolerance

MAST YOUNG PLANTS

3

Kientzler

Eupatorium Elegant Feather

- We were surprised by trial garden visitors' strong response to this
- Visitors were drawn to touch the soft, feathery foliage and stunning height
- Uncommon fast-growing thriller

MAST YOUNG PLANTS

4

Beekenkamp

Begonia Sweetspice™ Appleblossom

- Incredible fragrance rare for begonias
- Grows in sun or shade
- Perfect round, mounding, trailing habit
- Joins Fragrant Falls Peach as the second scented begonia in our program

MAST YOUNG PLANTS

5

Dummen Orange

Coleus Down Town Vegas Neon

- New series, free-branching
- Rare strong pink color
- No flower initiation throughout the entire trial garden season

MAST YOUNG PLANTS

6

Benary

Eucalyptus Pulverulenta Baby Blue Bouquet

- Adds fragrance & texture to any combo pot
- Nice for at home cut flower gardening: stems grow quickly, adds texture and high value look to bouquets

MAST YOUNG PLANTS

7

Syngenta Flowers

Begonia Hybrid Adora™ Velvet Red

- New begonia series from Syngenta Flowers
- Performs in sun and shade, with slightly more compact habit in sun
- Semi-double flowers
- Upright, mounding habit
- Remained one of the best-performing pots in our trial garden through the end of September

MAST YOUNG PLANTS

8

Benary

Begonia Interspecific Stonehedge Rose Bronze Leaf

- In the class of big begonias, this was an exceptionally large and impressive variety!
- Exceptional, deep-rose color
- Summer-long, weather tolerant performance

MAST YOUNG PLANTS

9

Danziger

Sanvitalia Talya™ Great Yellow

- Popular genera in Europe finding a following in the United States
- Excellent choice for combinations, with a long-lasting, bright flower

MAST YOUNG PLANTS

10

Syngenta Flowers

Kwik Kombo™ Itsy™ Triflection™ Mix

- Combines all 3 current popular Itsy varieties
- Constantly blooms from spring through frost
- Small blooms resemble calibrachoa, but offer season-long blooms
